

A large, dynamic splash of water in shades of blue and white, moving from the bottom left towards the top right. The splash is composed of many droplets and larger water masses, creating a sense of motion. It is set against a background with a large, curved, light blue shape that sweeps from the bottom left towards the top right, and a grey shape that follows a similar curve but is slightly offset. The overall composition is modern and energetic.

Terms & Conditions Of Sale (Abridged Version)

Full Terms & Conditions Available on Request

In these conditions:

Buyer means a person or company who accepts a quotation from the Seller for the sale of Goods or whose order for the Goods is accepted by the Seller.

Seller means Dryspell Irrigation Ltd.

The price of all Goods is subject to VAT at the appropriate rate.

All prices are quoted ex-works Stratford upon Avon.

Prices are subject to alteration without notice prior to order placement.

The Seller will make every effort to comply with quoted delivery dates but no liability whatsoever shall be incurred by the Seller due to delays outside the reasonable control of the Seller.

Goods represented by the Buyer to be defective or substandard shall not form the basis of any claim for work done by the Buyer, or for loss, damage, liability or expense whatsoever, arising directly or indirectly from the use, installation or supply of such Goods.

Goods returned to the Seller as defective and accepted by the Seller as such will be replaced free of charge or, at the Sellers sole discretion, will be refunded to the Buyer the price of the Goods. This is the full extent of the Sellers liability. No liability for any defective Goods will be considered if not notified to the Seller within twelve months of initial supply, or longer period if stipulated by the manufacturer of the said Goods. No liability is accepted for Goods that have not been paid for in full by the due date.

Title in the Goods shall not pass to the Buyer until all monies owing to the Seller by the Buyer have been paid in full, howsoever arising.

Risk in the Goods shall pass to the Buyer upon delivery or collection of the goods or notification to the Buyer that the Goods are ready for collection.

Subject to any special terms agreed in writing between the Buyer and the Seller, or notified to the Buyer before placement of any order, all invoices are due payable before despatch or collection of the Goods, or within 30 days if a credit account has been authorised by the Seller.

DECORATIVE AERATING FOUNTAINS

The classic “V” shaped pattern of the Aerating Fountains give a beautiful display for your pond or lake while offering fundamental aeration to promote and enhance the quality of the water through increased oxygenation. This helps keep fish alive, eliminates stagnant water and improves the decomposition of organic matter within the pond or lake.

The fountains are manufactured on site here in the UK with parts from Europe and the US. They come with a standard 2 year warranty on all models and are supplied complete with a control box and 10m ($\frac{1}{2}$, $\frac{3}{4}$, 1HP) or 20m (2, 3, 5 HP) of cable.
